

## “OCEAN FREEDOM” - CRUISE TO UPOLU CAY REEF & OUTER EDGE UPOLU REEF

Extremely personal Great Barrier Reef Tour with outstanding customer service we “connect” with our guests to ensure their expectations are met.

### Great for those people who :

- Want **6 hrs of reef time** and can do **lots of in-water activities ( or relax !)** with **NO RUSH in the day**
- Prefer **less travel time - Fast very comfortable** MOTOR CAT - gets to reef in 1 and 1/4 hrs
- Want to experience **2 very different reef sites**: 1. Shallow “aquarium-like” coral garden - Upolu Cay Reef and 2: “Wonder Wall” - a wall of reef going down to 10-13 M depth to snorkel above or dive along
- Want a **low pax number experience - ONLY 75 PAX** – Crew to guest ratio about **1:7-9**
- Are **divers but would also like to snorkel** - can do 1-2 dives (10-13M depth) and still have time to do other water activities with travelling partners
- Are happy to spend all day on a boat
- Want to be able to **snorkel straight off the boat at any time** - both snorkel sites have “bommies” coming up to just 1m under the surface for easy viewing
- Want to try a **very personal introductory dive: 1 INSTRUCTOR : 2 DIVERS**
- Want a **complimentary Glass Bottom Boat Tour / Adventure Drift Snorkel Tour** - no experience required - lots of **crew in-water assistance**

**Demographics :** Youth / Families / Adventurous 30-60 yr olds / Fit Retirees *who are mobile and stable enough to move around a moving vessel and “willing to give it a go”* - our crew are trained to service each of these “demographics” on any particular day – the specific selling point across these groups being small number personal reef tour
